2014-2019 NC-229 Application

PRRS Symposia Proceedings

To illustrate about the scope and level of participation of the NC-229 group in PRRSV and other swine emerging viruses' research , we attach the proceedings for only the last international symposium: 2013.

Due to limitations in the size of attached materials in this submission, the proceedings for previous years are not included but available at: <http://www.prrssymposium.org/TopMenu/Proceedings.aspx>
