NC-213 Annual Report Discussion. Bill Koshar led general discussion on the Annual Report. Just a reminder that when completing your Annual Reports of Progress, special attention should be given to Impact Statements, as these are a critical part of the Annual Report. Another area of importance is External Funding. Other areas of the Annual Report are: meeting participants, meeting minutes, and publications, which the Administrative Advisor/Coordinator’s Office will complete. The Executive Committee will complete, with assistance from members at large, the “Accomplishments” section. The Annual Report is due 60 days after the Annual Meeting. Bill Koshar will send detailed instructions and information regarding the Annual Report. We stress that the NC-213 Executive Committee should take the lead on completing the “Accomplishments” section of the Report and that the Administrative Advisor/Coordinator’s Office will complete the balance of the Report.
